1. Until approximately 20 September General Dean's name was called by prison guards during the daily roll call in Chonju prison and a response was made in English.*
2. On 14 October a large (undetermined) number of North Korean troops were hiding in the mountains of North Cholla Province. Small groups have been raiding villages to secure food and clothing; they have been killing the villagers and burning houses before returning. The ROK police have been unable to cope with the situation with the result that a large number of farmers are leaving their farms and unharvested crops to seek safety in towns.
